# HARVEST & HAULAGE OPPORTUNITIES

SOUTH EAST QUEENSLAND

EXPRESSION OF INTEREST | FY28 COMMENCEMENT

**600,000 t**

Approximate annual harvest and haulage volume

**Multiple**

Contract packages available

**FY28**

Commencement from 1 July 2027

Partner with one of Australia's largest plantation growers.

## HARVEST OPPORTUNITIES

### HARVEST VOLUME

Approximately 600,000 tonnes per annum, comprising:

- Fraser Coast Plantations: ~80,000 tonnes per annum
- Beerburrum Plantations: ~480,000 tonnes per annum
- Bribie Island Plantations: ~40,000 tonnes per annum

### HARVEST CAPACITY SOUGHT

Approximately 5–7 harvesting crews, including harvesting, extraction and log loading resources.

### HARVEST EQUIPMENT

Harvest systems are expected to comprise an appropriate mix of rubber-tyred and tracked equipment suited to the operational environment.

### HARVEST CONTRACT TERM

Up to five (5) years.

## HAULAGE OPPORTUNITIES

### HAULAGE VOLUME

Approximately 640,000 tonnes per annum during FY28 and FY29, reducing to approximately 600,000 tonnes per annum from FY30 onwards.

### HAULAGE CAPACITY SOUGHT

- **Fraser Coast Plantations:** Approximately 4–6 B-double units (or equivalent haulage capacity).
- **Beerburrum Plantations:** Approximately 15 B-double units (or equivalent haulage capacity).
- **Bribie Island Plantations:** Minimum 2 truck units, typically operating in a mini-B configuration due to applicable access and mass restrictions.

### HAULAGE CONTRACT TERM

Up to five (5) years.

This EOI is provided for information only. HQPlantations may, in its discretion, vary, suspend or cancel the procurement process, amend the proposed scope, volumes, capacity requirements, commencement dates or timeframes, and is under no obligation to invite any interested party to participate in any future procurement process. All information provided is indicative only and subject to change
